

The swimmers and their pilot boats will leave Dover Marina and drive round to Shakespere beach, which will take about half an hour.

Instructions to get from the Marina Car Park to Shakespere Beach

Turn left out of the Marina and at the first roundabout turn left.

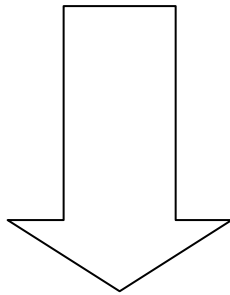

Pass over the second roundabout.

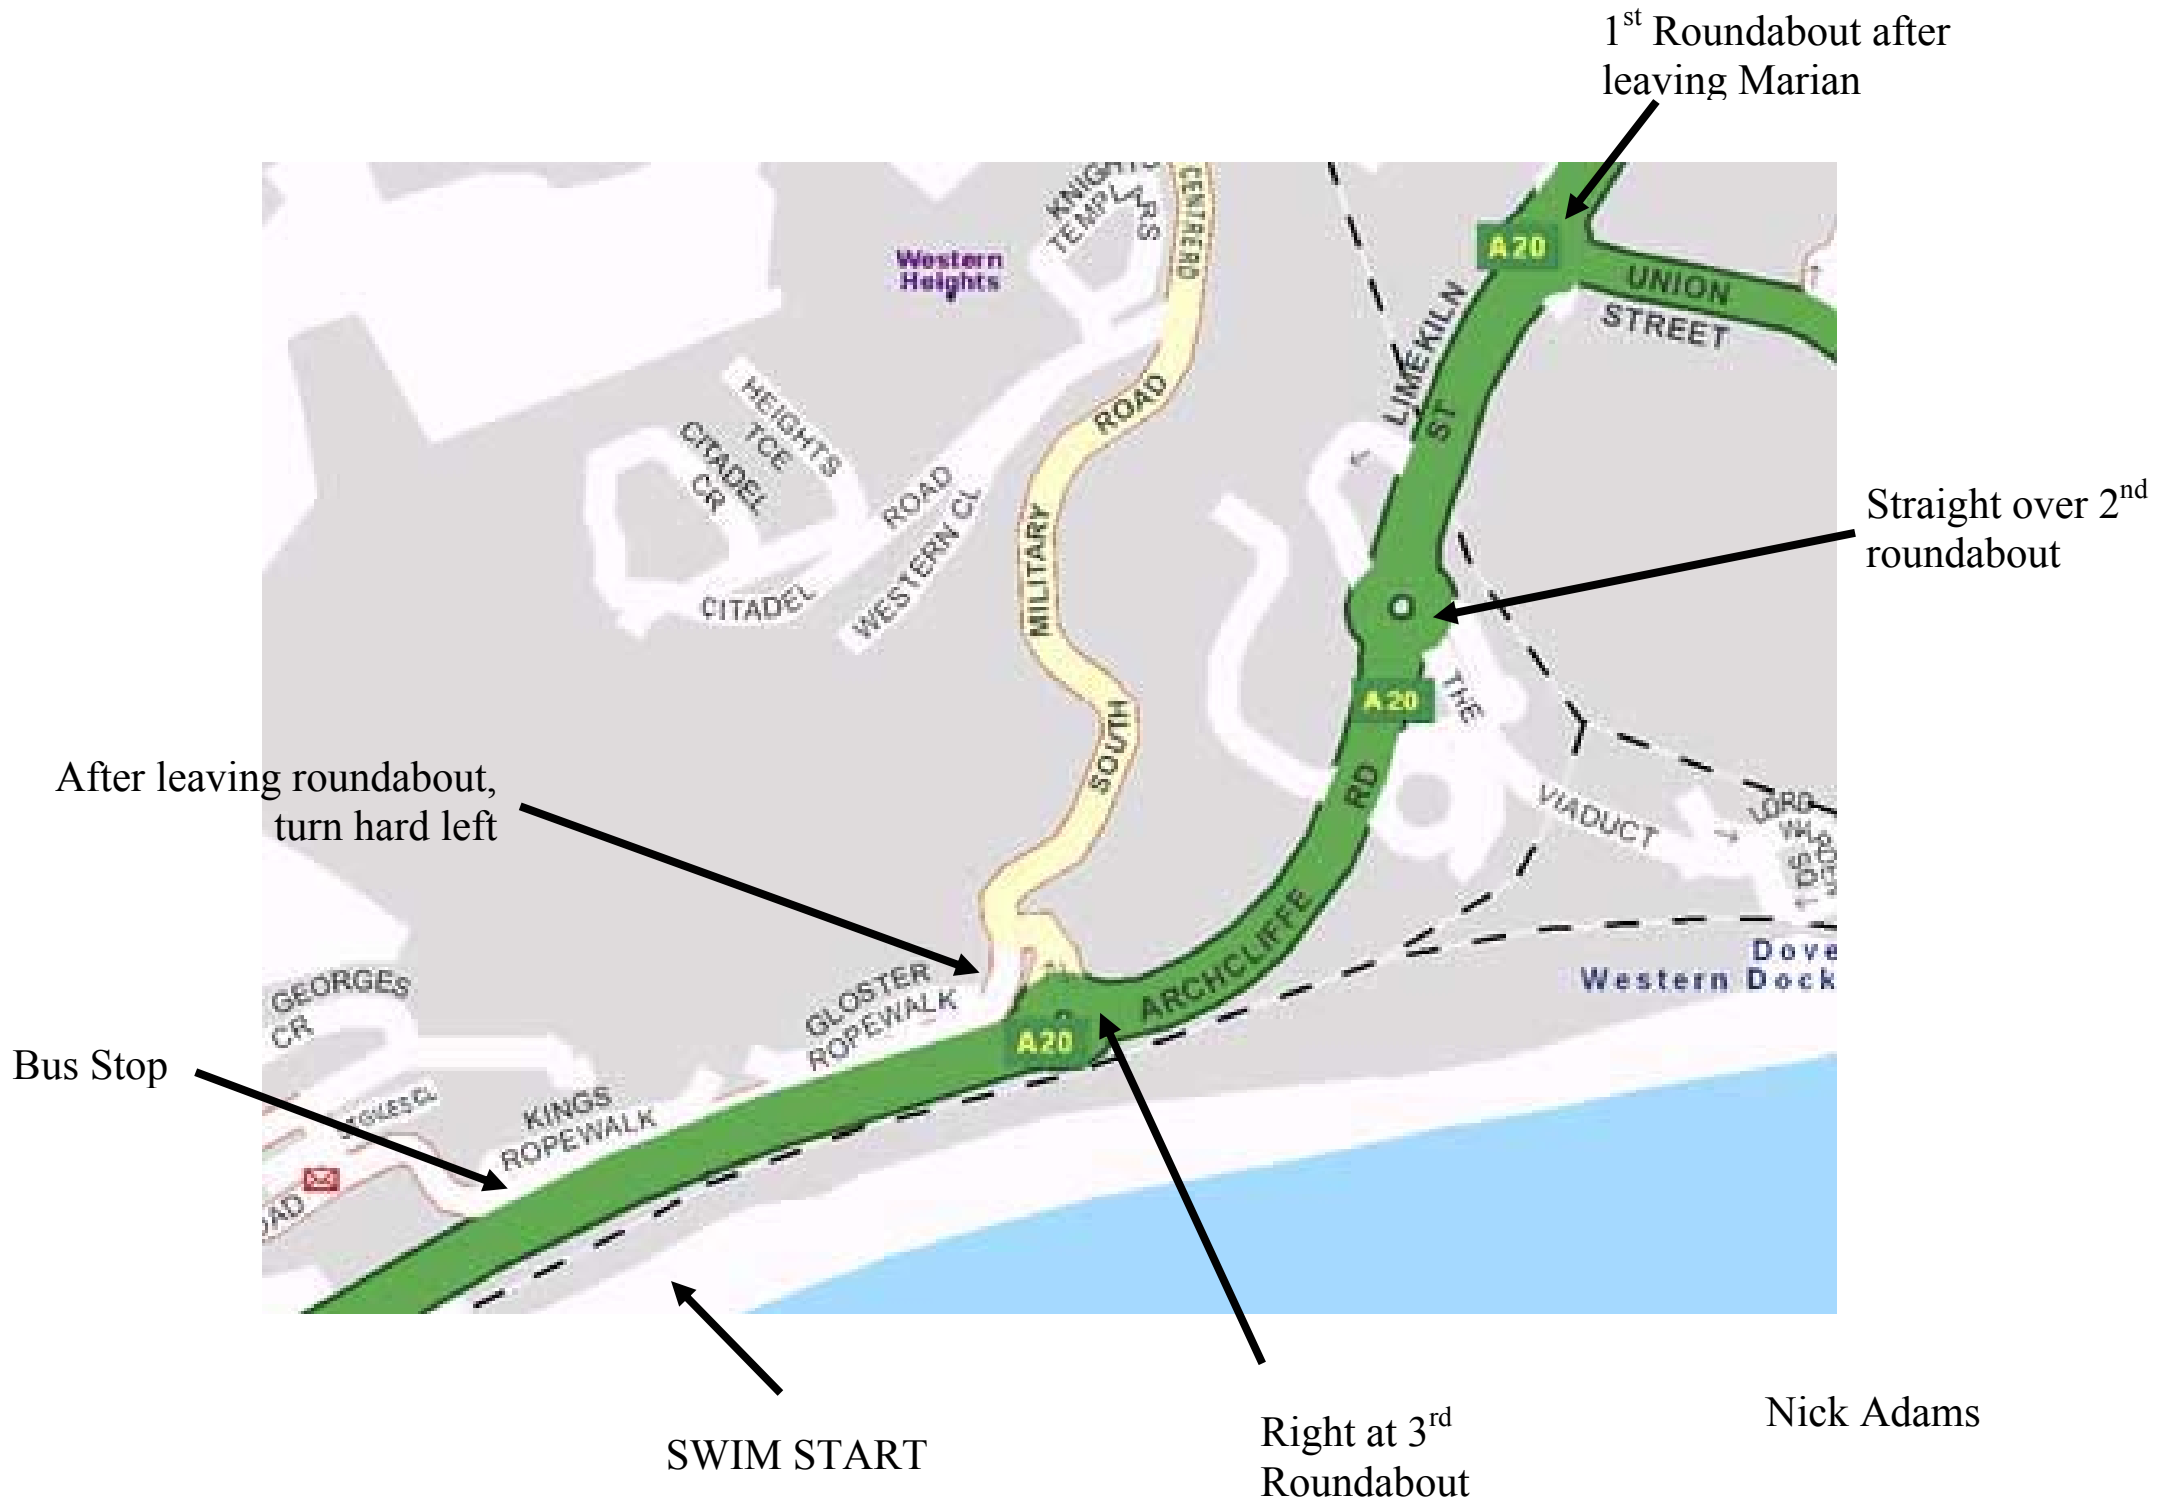

Turn right at the third roundabout which is at the top of the hill.

Follow the road round on a sharp left turn. When you get to the bus stop, park and walk through the underpass, turn left at the end of it and keep walking until you get to the steps.

As you are walking down the steps you should see the boats coming around the Harbour Wall, and they will start the swim close to the bottom of the steps.

See the map below.
